

Sonja Barrett - Biography

I have been in the Financial Services industry since 2000, currently self-employed, working under the SHARE FAP giving Risk and (mainly) kiwisaver investment advice, completing my last level 5 strand in May 2022.

My background is in hospitality , where I worked in several management roles, looking after teams of up to 35 staff. Being of service to people is a huge motivator for me as well as giving back , which has me currently involved with Habitat for Humanity as a Director, I am the Chairperson for Migrant Connections Taranaki Charitable Trust as well as providing Justice of the Peace services to the New Plymouth community. What I bring to the table of the board: Integrity, honesty, enthusiasm, an open mind and a sense of humour.
